Valuation of vessel for Brokerage in present condition.	£ 40,000 Forty thousand pounds.

The valuation was compiled from the information identified from the valuation survey and values of vessels that are similar in size and build configuration and condition.

Any estimate of valuation provided is based on known average retail values achieved by craft of similar type and condition in the same location and should not be confused with the replacement value, which may be substantially higher, particularly in the case of rare or unusual boats.

Please note, this survey does not represent the condition of the vessel, it is for valuation only.
